

Workshop BioNumerics & GelCompar II: Programme

Day 1

- 09.00** BioNumerics and GelCompar II: a general introduction
- 10.30** *Coffee break*
- 10.45** Introducing fingerprint data
- 13.00** Lunch
- 13.45** Exercises on fingerprint data
- 14.15** Similarity coefficients and clustering techniques
- 15.15** *Coffee break*
- 15.30** Clustering techniques + practice
- 16.15** Composite data sets
- 16.45** Global band matching and band scoring tables
- 17.30** Bus transfer to hotel
- 19.00** Evening dinner

Day 2

- 09.00** Introducing character data
- 10.45** *Coffee break*
- 11.00** Importing and assembling sequences, multiple alignment
- 12.30** Phylogenetic clustering techniques
- 13.00** Lunch
- 13.45** Non-hierarchical grouping methods (PCA, MDS, discriminant analysis)
- 14.45** *Coffee break*
- 15.00** Libraries and identification
- 16.00** End of workshop
